Photojournalism & Documentary

Participation in "The Hidden Face" photographic exposition, earning an individual exposition and a scholarship in Venezuela's best photography school (Roberto Mata). For this assignment, I made a photoreportage about the life and work of a night taxi driver in Caracas, the world's most violent city in the world.

Participation in the "Exit" photographic exhibition after finishing the Documentary Photography course at Parnassos Cultural Center, from Utrecht's University. Getting printed in a book and a magazine. For this assignment, I made a photoreportage on the lives and conditions of the students at the Archimedeslaan student housing building, which had roughly 400 residents and used to be a school. A few years later it got evacuated.
